

QUALITY POLICY

MARTIN DOW LIMITED

- Our highest priority is placed on continuously improving and maintaining quality culture which is strongly supported by a pragmatic and robust Quality Management system to ensure safety, efficacy, reliability and quality of our products.
- We use quality as the basis for all business activities and our highest decision criterion, to secure high level of trust from the patients/public for our products and corporate activities.
- We maintain high ethical standards and ensure adherence to applicable regulatory and GMP standards.
- For Martin Dow, superior standards of operation translate into product solutions that are reliable, safe and effective. As a result of the acquisition of leading multinationals, the company has attained European legacy of quality and operational excellence.
- The Quality Management System is implemented through highly skilled work force and professional management backed by on-going integrated human resource training and development program.
- QMS execution excellence and performance is regularly monitored and reviewed to ensure continuous improvement and compliance to international standards.
