Martin Dow-Biocodex to supply Enflor KARACHI (PR): Martin Dow Ltd.

, a leading pharmaceutical company, has entered into an alliance with Biocodex, which is a multinational pharmaceutical company based in France.

The Alliance was made through an agreement inked recently at the Biocodex head office in Paris.

The agreement was signed by M.

Jawed Akhai, Chairman Martin Dow Ltd.

Pakistan and Jean Marie Lefevre, CEO, Biocodex.

Tariq Wajid (CEO) and Dr.

Munir Anwar (COO), Martin Dow, were also present on the occasion.

On behalf of Biocodex, the signing ceremony was attended by Julien Dureisseix (Export Director International Division), Eric Lefebvre-Delattre (Regional Manager) and Virginie Duchesne (Area Manager).

Under the agreement, Martin Dow has acquired commercial rights in Pakistan to market Biocodex product, Enflor.

This extension in Martin Dow's portfolio, through the addition of renowned probiotic, the original *Saccharomyces boulardii* (Enflor) which is a known and tested anti-diarrheal, will provide world class solution to diarrhea patients in Pakistan.
