

Martin Dow Group proudly co-hosted the Leaders in Islamabad Summit - Imagining the Unimaginable on 13th and 14th March 2019 at Serena Hotel, Islamabad.

The event featured ministers, economists, innovators, futurists and leading business figures from around the world, sharing ground-breaking ideas, address leadership and business concerns that aim to transform the business of future. Martin Dow Group firmly believes that conferences like Leaders in Islamabad are crucial for Pakistan's economy and should be considered as a priority for growth.

The Leaders in Islamabad Business Summit is Pakistan's most prestigious and well-attended business summit. This year, the summit features 65 speakers, including distinguished international delegates, parliamentarians, business journalists, and global CEOs.

The discussions at the summit revolved around the digital economy, digital transformation, the future of work, future of finance, future of artificial intelligence and innovation, future of blockchain, leadership, social enterprise, geo-political backdrop, strategy and regional connectivity.

Martin Dow Group and Nutshell Forum successfully concluded the two-day Leaders in Islamabad Business Summit. The Summit further restored investors' confidence and opened the doors wider for transforming Pakistan into a global economic and technological force.
