

QUALITY POLICY

MARTIN DOW LIMITED

- Our highest priority is placed on continuously improving and maintaining quality culture which is strongly supported by a pragmatic and robust Quality Management System to ensure safety, efficacy, consistency and quality of our products.
- We use quality as the basis for all business activities and our highest decision criterion, to secure high level of trust from the patients/ customers for our products and services.
- We maintain high ethical standards and ensure adherence to regulatory and applicable cGMP standards.
- For Martin Dow, superior standards of operation translate into product solutions that are reliable, safe and effective. As a result of the acquisition of leading multinationals, the company has attained European legacy of quality and operational excellence.
- The Quality Management System including objectives are implemented / monitored through highly skilled work force and professional management backed by on-going integrated human resource training and development program in order to ensure continuous improvement and compliance to international standards.
